

Planet e Connecting everything smart, safe & secure

electronica China is the leading trade fair for the electronics industry in Asia. It provide the industry with more display options and opportunities, as well as more participation from related application fields. More application demos for vertical industries will be included to create a cross-industry platform that is helpful to the entire industry chain from product design to application. More than ten forums focusing on cutting-edge topics in vertical industries will also be held during the exhibition, covering automotive, IoT, 5G, Al, smart manufacturing, medical electronics, power electronics and other fields.

Planet e: for a successful future

- Comprehensive range of products and services
- Leading business platform: high quality of buyers and decisionmakers in upper management who are preparing for and conducting business transactions
- From components to systems, applications and services: everything here revolves around the world of electronics
- Technical forums with prominent speakers: topics covering automotive, power electronics, medical technology and connectors

Exhibitor statements

electronica China is a very important electronics exhibition in China. We hope to maintain a good cooperative relationship with electronica China. We will definitely participate in future exhibitions and present everyone with better solutions and supporting development environments at electronica China.

Mingyu Zhao, Vice President of Strategic Automotive Sales Renesas Electronics (Japan)

I think electronica China is a very good platform for us to showcase our understanding of the market and also some new technologies. I am very glad to see many customers and peers come to the booth today for communication, and we will definitely attend the exhibition next year.

> Wayne Zhou. GM of Marketing and Technology ADI APJC (America)

As a first-timer, Pengpai Microelectronics has a very good impression of electronica China. First of all, it has great coverage and influence in East China. Many of our customers and partners came to electronica China for visiting or exhibiting. I think this is an excellent platform for us to introduce Pengpai Microelectronics and learn from each other through communication. We'll definitely show up at electronica China again next year.

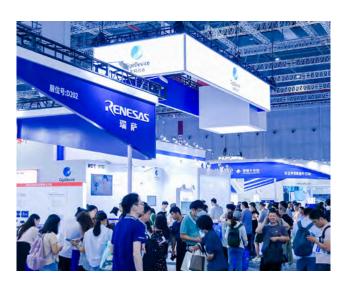

> Jiangfeng Lei, Marketing Director Xiamen Pengpai Microelectronics Co., Ltd., (China)

Amphenol

COMMUNICATIONS SOLUTIONS

I have participated in electronica China for many years and experienced its development, but I am still surprised to see such a large scale this year. We are very pleased with the crowds of people and their great confidence in products and the industrial future. This year's exhibition is the liveliest one I have participated in for many years. At the same time, I also hope that there will be new hot spots at electronica China next year.

> Yong Li, Sales Director Amphenol (America)

We see a large number of visitors on site, and everyone come with great enthusiasm to communicate with us. We have prepared a meticulously designed booth for this exhibition and attracted lots of trade visitors. It is definitely a worthwhile experience for both the visitors and the exhibitors.

> Terry Lu, Deputy General Manager of North China Monolithic Power Systems, Inc. (China)

This year, huge crowds of people appear in electronica China. We are very grateful for electronica China to provide us this opportunity to get acquainted with new friends and maintain relationships with old friends in the exhibition. We will unswervingly participate in electronica China in the future.

> Yichen Fang, Sales Manager Suzhou Novosense Microelectronics Co., Ltd. (China)

金升阳 **MORNSUN®**

I am honored to participate in this exhibition. The theme of the exhibition closely follows the social trend and keeps pace with the times. The visitors' enthusiasm is high, demonstrating the influence of electronica China. Exhibitors are all high-quality enterprises, many of which are our potential customers and also regular customers who have cooperated with us. This exhibition allows everyone to gain a better understanding of our products.

> Wei Zhou, Sales Manager **MORNSUN GUANGZHOU SCIENCE &** TECHNOLOGY CO., LTD. (China)
